October 2013  
Information

## When downtime is an issue... When the need is now... and you have to get a fire pump fast...

### Choose your pump package

For a wide range of duties and applications, select from several inline and split case fire pump models with accompanying drivers and controllers for quick shipment. In addition, there are several jockey pumps and panels available. UL-listed/FM-approved pump-driver pairings are available for both electric and diesel\* formats.

### Choose Your Accessories

Critical accessories such as manifolds, valves, caps and chains are all available on the Red Hot program.

### Choose your Delivery Time

Various levels of quick-ship are available to meet your needs. Contact your local Aurora distributor for details.

### Place Your Order

Contact your local distributor to place your Red Hot fire pump order!

\*Diesel engines subject to availability; 12 volt engines only.
